

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 246.

BRAINERD, MINN., THURSDAY, MARCH 22, 1906.

PRICE TWO CENTS

VICTORY FOR PACKERS

INDIVIDUALS ARE GRANTED IMMUNITY FROM CRIMINAL PROSECUTION.

CORPORATIONS NOT EXEMPT

FEDERAL DISTRICT COURT HOLDS THAT FIVE CONCERNS MUST STAND TRIAL.

Chicago, March 22.—All of the packers who were indicted by the federal grand jury last summer upon charges of being in conspiracy in restraint of trade and commerce were during the day granted immunity from criminal prosecution under the indictment. While the individuals are to go free the indictments found against the corporations of which some of the indicted individuals are members and others are employees are to stand.

A decision to the above effect was handed down during the afternoon by Judge J. Otis Humphrey in the United States district court. The arguments in the case were concluded shortly after 3 o'clock and Judge Humphrey at once commenced the delivery of his opinion. It was oral and the judge spoke for nearly an hour before giving the slightest indication of what the ultimate decision would be. He reviewed the case at length in all its bearings, cited all the essential facts that had been brought out and concluded as follows:

"Under the law in this case the immunity pleas filed by the defendants will be sustained as to the individuals and denied as to the corporations, the artificial persons, and the jury will find in favor of the government as far as the corporations are concerned and against the government as far as the individuals are concerned."

Pleased the Defendants.

During the rendition of the decision the court was crowded by the defendants and numerous spectators. Edward Morris and Edward Swift were in court and both smiled happily when the decision was announced. J. Ogden Armour was not present, but some of the men prominent in the employ of Armour & Co., who were under indictment, were there and their joy was great. When the judge announced that the indictments would not lie against them they crowded together and commenced to shake hands in mutual congratulation. The attorneys for the defendants were also highly pleased and when the decision had been announced they shook hands all around and then hastened to the jurybox to shake hands with the jurors, who had been excluded from the courtroom during all of the arguments made in the case and who returned a verdict in accordance with the directions of the court.

District Attorney Morrison, who has handled the case alone, with the exception of the argument by Attorney General Moody, walked over to the jurybox and shook hands with the jurors.

Immediately following the dismissal of the jury, District Attorney Morrison raised the question of the date for the trial of the corporations. He asked that the case be set for trial and that it commence within two weeks. This met with a storm of protest from attorneys for the packers, who insisted they would be unable to prepare for the case before the fall of the year.

Lawyers to Agree Upon Date.

After some discussion Judge Humphrey directed that the lawyers agree among themselves upon a date and notify him of their decision next week. It is expected that the total number of witnesses in this trial when it begins will number at least 1,600. Those for the packers will number 1,500 and the government will have 100 more.

The court proceedings for the day were commenced by the argument of Attorney John S. Miller for the packers. He scouted the contentions of Attorney General Moody, saying that the defendants in the present case were entitled to immunity.

Attorney Miller concluded his argument shortly after 3 o'clock and Judge Humphrey at once commenced speaking from the bench, announcing his decision.

Immediately following the decision District Attorney Morrison said:

"I will not make any record now in regard to motions for new trials or an appeal. I do not know whether I am entitled to an appeal or not, I shall have to ask time to look it up."

"We ask for judgment on the verdict," said Attorney Miller, "and I make a formal motion that the defendants, the individuals, be discharged." "That is allowed," said Judge Humphrey. "They are discharged. That goes in the verdict."

The individuals who go free under the decision are:

J. Ogden Armour, Edward Morris,

Charles W. Armour, Ira N. Morris, Louis F. Swift, Edward F. Swift, Charles N. Swift, Edward Cudahy, Arthur Meeker, T. J. Connors, P. A. Valentine, A. H. Veeder, Arthur F. Evans, L. A. Corton, Robert C. Manus and D. E. Hartwell.

The corporations that must stand trial are:

Armour Packing company, Armour & Co., Cudahy Packing company, Fairbanks Canning company and Swift & Co.

NO AGREEMENT REACHED.

Miners and Operators So Far Fail to Adjust Differences.

Indianapolis, March 22.—The joint state committees of the joint conference of the coal operators and miners of the Central competitive and South-west districts were in session almost the entire day, but nothing was accomplished toward arriving at an agreement.

The committee of the Central competitive field, composed of Illinois, Indiana, Ohio and Pennsylvania, devoted its sessions to discussion of the Illinois shot-firers law, which the operators of that state claim unjustly discriminates against them, as it adds an additional expense of from two to ten cents on each ton of mined coal. The miners' representatives on the committee refused to make any declaration upon the subject and asked for a recess until morning that they might caucus.

Their caucus was devoted to discussion as to the best means of getting the argument in the joint committee away from the shot-firers proposition and getting before the committee the general proposition of wages, run of mine basis, differential and other matters contained in the demands made by them in the former joint conference, which adjourned Feb. 2. They regard these propositions as more important and desire that they should be settled first. These demands were placed before the joint committee during the day as bases for argument and no other proposition or motion was made during the day.

The committees of both districts will report to their several joint conferences as soon as they reach a definite understanding. Any agreement reached must be ratified by these several conferences, the members of which are awaiting the action of their committees.

RAILROAD RATE BILL.

Senate Devotes an Entire Day to Its Consideration.

Washington, March 22.—The entire day in the senate was devoted to the consideration of the railroad rate bill. Mr. Culberson began the proceedings by presenting an amendment prohibiting corporations coming under the operation of the proposed law from making campaign contributions and he was immediately followed by his colleague, Mr. Bailey, who offered the amendments so long promised by him, and followed this action with a speech in which he explained that he would not now present the amendments but for the fact that Mr. Dolliver had referred to and criticised them in an interview. He indicated some displeasure over the interview, but exonerated Mr. Dolliver from discourtesy in the matter. The Iowa senator disavowed any intention to reveal a senate secret and the incident was closed pleasantly. Both Mr. Bailey and Mr. Dolliver made speeches reiterating their views on the rate question and they were followed by more or less extended remarks by Messrs. Tillman, Patterson, Heyburn and Knox.

CUMMINGS MAKES REPLY.

Says He Did Not Charge Bribery of Iowa Legislators.

Des Moines, Ia., March 22.—Governor Cummings during the day answered the Gilliland resolution of inquiry respecting the charge made by the governor in his letter to the Republicans of Iowa to the effect that the railroad lobby has been working against the primary election bill.

He stated that he had not charged members of the legislature with being bribed or the railroad lobby with corruption of the members of the legislature; nothing he had said could be tortured into that sort of meaning.

But he maintained the truthfulness of his charge that the railroads of the state are interested in defeating real primary election legislation and have worked against bills pending in the legislature.

The impression prevailed in the legislature that the incident was closed.

HEART FAILURE THE CAUSE.

Representative Patterson (Pa.) Dies Suddenly in Washington.

Washington, March 22.—Representative George R. Patterson of the Twelfth Pennsylvania district died suddenly here during the day. Heart failure is ascribed as the cause of death. Mr. Patterson was forty-two years of age and had represented his district in congress for the past six years.

The house adjourned for the day shortly after convening out of respect for the late Representative Patterson. The usual resolutions were adopted.

INSURANCE MEASURE

COMMITTEE WILL FAVORABLY REPORT ONE TO NEW YORK

STATE ASSEMBLY.

NULLIFIES PRESENT PROXIES

ALSO OUSTS TRUSTEES AND DIRECTORS OF MUTUAL COM-

PANIES ON NOV. 15.

Albany, N. Y., March 22.—The assembly committee on insurance in executive session during the evening voted to report favorably to the assembly in the morning with amendments assembly bill No. 964, introduced by the joint special investigating committee, which would legislate out of office on Nov. 15 next all the directors and trustees of the mutual insurance companies and would nullify all proxies hitherto secured by the companies themselves, by Thomas W. Lawson or any other person or committee. The most important amendment provides that no proxy executed prior to Sept. 15 next will be valid or can be voted at the reorganizing election, which the bill sets for Nov. 15. It was stated that the amending and reporting of the bill were at the instance of the investigating committee on insurance.

It is said upon reliable authority that the reason for the pushing of this particular bill is the fact that the election of trustees of the New York Life Insurance company would take place on April 11, and it is the desire of the committee that there may be no question that this election shall be among those postponed by the act.

According to the same authority, the amended bill will be reported also in the senate during the day in behalf of the Armstrong committee, and the effort will be to press the bill to passage with all possible speed so that it may be enacted and placed in the hands of Governor Higgins early next week.

The bill affects "every domestic mutual life insurance corporation whether incorporated by a special act or under a general law," and provides that the annual election of every such company which under its charter or by-laws would be held "hereafter and prior to Nov. 15, 1906," shall be postponed and held on that date. All present directors shall hold office until then, and until their successors are elected.

The elections are to be held under the supervision of the state department of insurance, which is to appoint in each case at least three policyholders to act as inspectors of the election. The amendments do not include the suggestion of Andrew Hamilton that present directors and trustees should be disqualified for re-election for one year.

NO FEDERAL CONTROL.

Congress Cannot Regulate Life Insurance Companies.

Washington, March 22.—That there is no constitutional authority for federal control of insurance or other state corporations, other than railroads, is to be the conclusion reported to the house by the judiciary committee. The report has been drafted by Chairman Jenkins of the committee and is now in the hands of members of the committee for their perusal. An unofficial poll of the members of the committee indicates that with practically no exception they concur in the correctness of this conclusion. The report of Mr. Jenkins may therefore be taken as the basis of the answer the committee is to make to the house in compliance with the instructions of that body.

The report collates all of the important court decisions on the questions involved, treats each exhaustively and reduces the whole problem to these two principles.

"The supreme court of the United States has declared and has never been shaken or weakened in maintaining, first, that insurance is not commerce, and second, that congress cannot impair the police powers of the states."

The report predicts direful results if congress takes a hand in the insurance matter.

No Action on Isle of Pines Treaty.

Washington, March 22.—The senate in executive session during the day had under consideration the Isle of Pines treaty, but after a general discussion lasting more than an hour, the legislative session was resumed without action having been taken.

Damage Threatened by Ice.

Mason City, Ia., March 22.—Fierce winds during the day loosened the ice in Clear lake, and great damage is threatened by the ice crushing improvements along the East Side. It is in the residence part for the resorters.

H. F. MICHAEL CO'S Daily Store News

We will fit a corset to you, free of charge, and will fit it in a way that will satisfy.

We were the first to introduce this feature and we have spared nothing to make our fitter most competent. Nor is the fitting all. We are showing a larger line of corsets this spring than we have shown before; a greater style assortment and a wider range of prices.

The W. B. "Nuform" and "Erect Form", such as you see advertised in the magazines, are shown in all the new models. We show several of the best styles of the Nemo corsets which gives you a large variety to select from.

If you wear a girdle or a girdle corset, you should see ours. Sufficient to say is, that they are the best of the modern workman's art.

Have you ever thought of the many features introduced by our store? Better service too.

The fact that others imitate our methods and adopt features we have introduced should be the strongest argument possible for you to make our store your regular trading place. If you are in our store frequently, you get new ideas and new styles that are invaluable to the lady who wishes to dress in good taste at a reasonable figure. Our store is the acknowledged leader.

HADLEY GOES TO NEW YORK.

Oil Hearing at St. Louis Adjourned Until April 5.

St. Louis, March 22.—The oil hearing in the ouster case of the state of Missouri against the Standard, Republic and Waters-Pierce oil companies, which was resumed Monday, adjourned during the day until April 5, and Attorney General Hadley, accompanied by Assistant Attorney General Rush C. Lake, immediately left for New York to attend the oil hearing there on Friday. The illness of H. Clay Pierce, former president of the Waters-Pierce Oil company, who was expected to be the principal witness of the session, prevented his appearance. Charles M. Adams, secretary-treasurer of the Waters-Pierce company, was called to the stand briefly and was followed by Vice President Andrew M. Finlay. Mr. Finlay testified that he had gone to New York and talked with H. M. Tilford of the Standard Oil company, but could not remember what they talked about. He was severely cross-examined on the subject of whether Waters-Pierce company reports were made to the Standard Oil company in New York, but the majority of his answers were to the effect that he could not remember. In the middle of his testimony adjournment was taken and he was admonished to be ready to continue his testimony on April 5.

AIMED AT OIL TRUST.

Lower House of Iowa Legislature Passes Anti-Discrimination Bill.

Des Moines, March 22.—The house, by a vote of 48 to 12, passed the anti-discrimination bill, which is intended to oust the Standard Oil from Iowa or compel a revision of their business methods. The bill prohibits discriminating rates for oil and is patterned after the Missouri law. It provides a fine of \$5,000 and imprisonment for violation.

Representative Cummings, the author, in presenting the bill claimed that the Standard Oil company had made a price of 4 cents per gallon for oil in his home town recently in order to drive out competition.

WIND STORM IN WISCONSIN.

Considerable Damage Done at La Crosse and Vicinity.

La Crosse, Wis., March 22.—A wind blowing thirty-six miles an hour during the day did considerable damage at La Crosse and vicinity. Telephone cables were blown down and a three-story wall of the McCord building was blown over, damaging an adjoining building and throwing a mass of live wires into a crowd of girls just pouring out of the factories. A number had narrow escapes from death. Several days will be required to repair the damage done to the telephone and lighting companies.

Madison, Wis., March 22.—Considerable damage was done to trees, windows and ice boats by a high wind during the day, the gale rising to fifty miles an hour. The big windows of the American Trust company were blown in.

ADMITS KILLING WAGNER.

Albert Schull Claims Deed Was Done in Self-Defense.

Fergus Falls, Minn., March 22.—The confession of Albert F. Schull and his claim that he killed his partner, Fred Wagner, in self-defense, have aroused renewed interest in the case, here, and the general opinion seems to be that he has invented the story as he invented the other story to account for his victim's disappearance. He claims that he and Wagner were cutting wood in partnership, and that they quarreled over the matter and that when Wagner was about to hit him with a hammer Schull shot Wagner with a revolver.

Seven Men Badly Hurt.

Chicago, March 22.—Seven men were badly injured during the day when part of a terra cotta chimney was loosened from the top of the Tacoma building at Madison and La Salle streets by wind and fell through the glass roof of the saloon of George Grand, twelve stories below.

VETERANS MAKE PROTEST.

Minnesotans Object to the Departmental Clerks' Retirement Law.

Minneapolis, March 22.—Minnesota department of the G. A. R. makes vigorous protest against the proposed law which would result in the retirement of the veterans of the Civil war from the department offices of the national government at Washington. Almost the first business transacted by the department encampment during the day after the opening exercises had been held and the body was ready to take up business was the adoption of resolutions emphatically expressing to congress the views of the old soldiers of Minnesota on this important question.

More than 400 veterans were assembled when the convention was called to order in McKinley hall by C. F. Macdonald of St. Cloud, department commander. Because of the recent death of his mother, Governor Johnson was not present, and in his place L. A. Rosing delivered an address of welcome for the state. The welcome on behalf of the city of Minneapolis was expressed by Alderman A. E. Merrill, president of the city council.

The Ladies of the G. A. R. and the Women's Relief Corps are also in session here.

Billiard Tournament Ended.

Chicago, March 22.—The National Amateur billiard championship tournament was wound up during the day at the Chicago Athletic association with a game between Calvin Demarest of Chicago and J. F. Poggenburg of New York. The men were tied for second place. Demarest won the match by the score of 300 to 182 after a slow and listless game.

Minister Indicted.

Peoria, Ill., March 22.—Rev. Louis Kelly, the Baptist minister who was a partner of the late Rev. George Simmons in the defunct People's Saving bank, was indicted for embezzlement by the grand jury during the day. The indictment charges that Kelly received deposits when he knew that the bank was insolvent.

Would Take In Washing

S. C. Converse, the man who was captured in Minneapolis by Sheriff Erickson, was arraigned in municipal court this morning on the charge of non-support. His plea was unique, being that his wife refused to quit washing. He stated that he had told her a hundred times that if she would quit taking in washing he would provide for the family, but she persisted in thus humiliating him. Judge Warner decided that a \$100 fine or 60 days in jail was about the right medicine, but sentence was suspended if he would put up a bond in the amount of \$120 to guarantee that he would properly provide for his family. At last accounts he had not got the bond.

MUSIC AND DRAMA.

"THE ISLE OF SPICE."

One of the attractive features of the "Isle of Spice," which comes to the opera house March 30th, is the song "The Goo Goo Man," sung by comedian Charles Pusey and twelve young and pretty little girls stunningly costumed. This number is said to be one of the most sensational hits ever heard in musical comedy, and it is claimed that the audiences in other cities have invariably demanded from a dozen to fifteen encores, which is surely a record. Everyone will probably be whistling "The Goo Goo Man" after it is heard here.

"YON YONSON"

The annual Swedish invasion is near at hand. The captain in charge this year is Mr. Earl K. Mitchell, who, in the guise of "Yon Yonson," will endeavor to make all female hearts in the audience capitulate before his charm of manner and rich humor. This is all going to happen when "Yon Yonson" comes to the opera house on April 3rd.

It is quite true that "Yonson" has been seen here before, but this by no means makes "Yonson" an old story. In fact, everything in the production this season is absolutely new, from the actor who impersonates the title role, to the wood used in the log jam. The new "Yon Yonson" is Mr. Earl K. Mitchell, originally a Swedish actor, who came to this country a short time ago, and having made a great hit in vaudeville on Broadway, was immediately engaged to play the part of "Yon" during this season.

It is said that Mr. Mitchell brings to the character of "Yon Yonson" the charm which J. K. Emmett imparted to "Fritz" and W. J. Scanlan gave to "Myles Aroon."

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

L. S. Budd Selling Out

A deal is on between the partners of the Fisher-Budd Fuel company, by which Mr. Fisher will acquire the interests of Mr. Budd in the firm. Mr. Budd has not yet determined what he will do in the event of the dissolution. Mr. Fisher will continue the business at the old stand. Many friends hope Mr. Budd will remain in Brainerd.

ANIMATION AND OPTIMISM.

Displayed by Delegates to Moroccan Conference.

Algeciras, Spain, March 22.—Animation and optimism among the delegates to the Moroccan conference here leads to the impression that a forward step has been taken. It is stated unofficially that the contents of the new Austrian police proposition have been informally communicated to the conference. One of the leading neutral delegates, though not giving a direct confirmation of the report, declared that the proposition was assured of a favorable reception, adding: "We have come much closer together."

FOR PUPILS STATE CROP CONTEST

County Superintendent Wilson Has Entered Crow Wing County in School Crop Contest

COMMERCIAL CLUB TAKES HOLD

Appoint a Committee to Raise Funds to Pay Prizes in the County Contest

The state agricultural college is organizing a system of state and county pupils' contests in raising the three staple grains, oats, wheat and corn. It is the desire of the college officials to have contests in as many of the counties of the state as possible, and then have the winners contest for the state prizes. The last legislature appropriated \$3,000 for the prizes in the state contest, but the prizes in the county contests must be raised from other sources. Supt. Wilson agreed to enter Crow Wing county schools in the state contest and has succeeded in interesting the Brainerd Commercial club in the matter with the result that a committee of which Attorney A. T. Larson is chairman was appointed to raise funds for the county contest. The committee has succeeded so far that Supt. Wilson is now working on the matter and is getting out circulars to send to school officers, teachers and patrons.

The county contest, which will be held in Brainerd some time during the month of December, 1906, will be open to all pupils enrolled in the rural schools Crow Wing county. Ten prizes will be given on each of the three grains. The prizes will be \$3.50, \$3.25, \$3.00, \$2.75, \$2.50, \$2.25, \$2.00, \$1.75, \$1.50 and \$1.00 in each grain. In addition Mr. Wilson has the promise of several valuable prizes to be given by Brainerd business men. The winners of the first, second and third prizes in the county contest will be eligible to entry in the state contest. In addition the Northern Pacific railroad Co. has offered free round trip tickets to the state exhibit at St. Paul in January, 1907, to the winners of the first prize in each grain. In the county contest the exhibits from each school district will be grouped together. The judging of the exhibits will be done by experts from the state agricultural college, thus guaranteeing expert judging and perfect impartiality.

Mr. Wilson states he has some seed corn donated for the contest by a leading Minnesota seed house which he will distribute free while it lasts. The state farm at Grand Rapids also has some fine seed that can be secured. Each contestant is at liberty to choose his seed from whatever source he wishes. While assistance in the manual labor of cultivation may be had from the older relatives or friends of the contestants the work must be done under the contestant's supervision and planning.

It is hoped that these contests, in which nearly every county of the state has signified its intention of participating, will, through the children, interest the parents in the work of improving the crop output both in quality and quantity.

Pupils enrolled, but not attending school, can make their entries direct to Superintendent Wilson and he will be glad to send circulars and other information to all asking.

Doctors Are Puzzled.

The remarkable recovery of Kenneth Melver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and LaGrippe. Guaranteed at H. P. Dunn & Co.'s drug store, Brainerd, Minn. 50c and \$1.00. Trial bottle free.

CO. SCHOOL BOARD MEETING

New Code Provides for Annual Gathering Of all School Boards and Pays Per Diem and Mileage

The new code authorizes the payment of \$3 and mileage of five cents per mile to all members of school boards to attend a meeting to be held each year and last one day at the county seat. Supt. Wilson is making arrangements for a meeting of the Crow Wing county school officials to be held some time in April. The exact date cannot be settled until he learns when he can get the state superintendent, whom he wishes to be present and address the meeting. Attorney Larson will also be one of the speakers. Papers will also be read by school officials throughout the county, and much good to the schools is confidently expected from these meetings.

Dressmakers sometimes receive to much credit as well as too much blame

And Here's Why!

Dressmakers cut their cloth to fit your figure. Don't they? And if the dress is "a dream," they get the credit, don't they? But if it looks "sloppy," then they're blamed, aren't they? Usually, credit or blame should be given the corset, for that is the foundation of a perfectly fitting costume.

Henderson Corsets

made in the most approved styles, are the proper foundation for a perfectly fitting gown. These corsets, while extremely stylish, are comfortable and more durable than any other. Let us show you some of the new models ranging in price from \$1.00 to \$2.50.

GRAND OPENING IS A SUCCESS

Peterson & Smiley's New Store Opening is Being Excellently Patronized

HANDSOME SOUVENIRS GIVEN

Carry a Complete Line of Staple And Fancy Groceries and 5 and 10 Cent Goods

The new store of Peterson & Smiley, 214 South Seventh street, was opened for business today. It is one of the handsomest places in the city and the stock is fresh and tastily displayed. There are large numbers of people attending the opening and it is keeping a large number of clerks busy wrapping goods. The proprietors have spared no pains to make it a success and are giving a handsome souvenir to every lady visiting the store today. Piano music is being furnished all day by Miss Jennie Mysen. Tomorrow they will give a grand opening for children and will give a souvenir to every boy or girl under twelve years of age visiting the store.

The proprietors are both well known. Mr. Peterson has been with J. F. McGinnis for several years and previous to that was with L. J. Cale. Mr. Smiley has for some years been L. J. Cale's department store and is well and favorably known. That they know how to attractively display goods is seen at the first glance on entering the store, and they have marked prices where all can afford to buy. The store will be run strictly on a cash basis and their motto will be quick sales and small profits.

They ask one and all to come in and look their stock over and wish to see all their old friends and make many new ones.

Sheriff Erickson Did a Little Detective Work on His Own Hook While on Train

The Minneapolis Tribune contains the following flattering article regarding Crow Wing county's sheriff on his recent trip to that city:

"S. C. Converse was locked up at the Central station, last night, by Sheriff Erickson, of Crow Wing county, charged with non-support. He will be taken back to his home in Brainerd, Minn., today, by the sheriff.

"Sheriff Erickson did not know the man by sight, but obtained a photograph of him, and armed with this he went in quest of the absconding father and husband. No one seemed to know in which direction Converse had gone, but the officer reasoned that he would strike out for one of the large cities and therefore took the first train for Minneapolis.

"As the train was nearing this city, the sheriff went through the train and noticed a man who looked strikingly like the photo. Fearing that the man might know him and suspect what was coming if he approached him himself, he hit on a scheme which he thought would work.

"Calling a friend aside, the officer confined his plan to him. He asked him to go up to the man and greet him like an acquaintance, call him by another name and say that he had met him in St. Paul at one time. The sheriff figured that Converse would disclaim the name and reveal his own identity.

"The plan worked like a charm. Converse swallowed the hook, bait line and sinker, and soon found himself in charge of the wily sheriff, who feels extremely elated over the success of his brilliant idea."

New Gent's Furnishing Store to be Put In Here Under That Firm Name-- Ed. Koop in Charge

The Duluth Trade News contains the following:

"F. M. Koop, of Brainerd, was in the city last week buying a stock of men's furnishings for a new store to be started there under the name of F. M. Koop & Co."

Inquiry develops the fact that the item is correct. The stock is now being put in the north part of the W. J. Koop store on Seventh street. F. M. Koop, better known as Fritz, will remain with his father and Ed. Koop will be in direct charge of the new stock. The boys will have an up-to-date line of men's furnishings and shoes, and will also carry a good line of working clothes. The Messrs. Alex. Markee, the wood saw man, has decided to go into the sawing business a little heavier. He will erect a saw mill with a lath and perhaps shingle mill as a side issue on Pelican Lake. He expects to begin work just as soon as the weather will permit and will put in the entire season there, probably returning to Brainerd in the fall to run his wood saw.

KILLS CATARRHAL GERMS

Breathe Hyomei a Few Times Daily and be Cured—Goes Right to the Spot.

In treating catarrhal troubles, the first thing necessary is to kill all catarrhal germs that may be present in the nose, throat and lungs, thus freeing the system from the poison that they produce.

Stomach dosing cannot kill these germs. A direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei.

Breathed through the neat pocket inhaler that comes with every outfit. Hyomei reaches every tissue of nose, throat and lungs giving immediate relief, and effecting a permanent cure in the worst cases of catarrh.

The complete outfit, consisting of an inhaler, medicine dropper and one bottle of Hyomei, costs only \$1. Extra bottles can be obtained for 50 cents. H. P. Dunn & Co. give a guarantee with every Hyomei outfit that the treatment will cost nothing unless it cures.

It pours the oil of life into your system. It warms you up and starts the life blood circulating. That's what Hollister's Rocky Mountain Tea does. 35 cents, tea or tablets. H. P. Dunn & Co.

POULTRY EXPERIMENT.

Colorado Physicist's Use of Hot Water to Hatch Chickens.

A novel experiment is being made by Dr. Pitt A. Wade, who last summer purchased the Atlas artesian well, about two miles east of Canon City, Colo. He is utilizing the warm water of this well, which has a temperature of 100 degrees, for hatching and brooding chickens on a large scale, says a Canon City correspondent of the Denver Republican.

A few weeks ago as an experiment he placed nine eggs in a water tight wooden box and placed it in the flume that conveys the water from the well to a nearby ditch. In due time he removed the box and found a live chicken in each egg.

He at once began planning for the establishment of a hatchery and chicken ranch on an extensive scale. Incubators specially constructed are being made and will be placed so as to be in continual contact with the running water, which furnishes an ideal incubation, supplying the necessary moisture, which the ordinary patent incubator fails to do.

CALL ON ROOSEVELT

LEADERS OF ORGANIZED LABOR VISIT THE PRESIDENT AT THE WHITE HOUSE.

IN THE INTERESTS OF LABOR

DELEGATION PRESENTS A MEMORIAL REQUESTING FAVORABLE LEGISLATION.

Washington, March 22.—President Roosevelt received a large body of representatives of organized labor during the afternoon at the White House and talked to them about their urgent request for the enactment of labor measures now pending before congress.

Samuel Gompers, president, and Frank Morrison, secretary of the American Federation of Labor, headed the delegation, which consisted of about 100 members of the executive council of the American Federation of Labor and officials of the organizations which comprise the federation. Practically all of the important labor organizations of the country were represented in the delegation.

The men were received by President Roosevelt in his private office and the adjoining cabinet room. Secretary Morrison read to the president a memorial of the executive council of the American Federation urging action on the various demands for legislation being made by the organized labor interests of the country. The memorial dwelt particularly on the eight-hour law and its enforcement on government works, including the Panama canal, and the immigration laws, especially the Chinese exclusion laws.

President Gompers and James Duncan of Quincy, Mass., first vice president of the federation and president of the Granite Cutters' union, followed with brief addresses on the lines of the memorial.

President Roosevelt Replies.

President Roosevelt, after listening to the statements, replied in an extended address. On the subjects of general immigration and the exclusion of Chinese labor, the president indicated that he was in practical accord with them, but on some other matters he differed from them radically.

In his address President Roosevelt said that if the federation opposed the passage of the anti-injunction bill, he believed it could be stopped, as many capitalists also opposed it. As to the eight-hour law, he said he believed emphatically in it for the people of the United States, but it was impracticable on the Panama canal, where white men could not be hired to work and where negro laborers work fairly well on Mondays and Tuesdays and by Saturday only about half are at work.

He said that if any specific complaints were made to him as to violations of the eight-hour law and sustained by facts, he would see that the law is enforced.

The delegation remained with the president about three-quarters of an hour and the subjects suggested were considered informally after the addresses had been delivered. It was agreed that on points of difference the executive council of the federation should appoint a committee of three which should draft the views of the organization and submit them to the president at a later date. It is likely that President Gompers will be the chairman of that committee.

Earlier in the day the delegation called on Speaker Cannon and Senator Frye of Maine, president pro tem of the senate, and laid before them the same memorial which they presented to the president.

PET DOG ELECTED DELEGATE.

Russian Workmen Seek to Render Elections Ridiculous.

St. Petersburg, March 22.—The workmen in one of the mills in this city, to render the elections ridiculous, during the day formally chose as their delegate a pet dog called Rosa, declaring that the selection was made in a spirit of economy, as if she should be elected it would cost the government only 7 cents a day to maintain this delegate instead of the allowance of \$5, and at the same time the dog would be quite as useful as a representative of the workmen's interest as any of their candidates who have a chance of election. The workmen of another factory designated as their delegate the factory chimney.

Methodists at Minneapolis.

Minneapolis, March 22.—The interstate convention of the Minnesota and Wisconsin Methodist churches opened in this city during the evening at the Wesley church. The feature of the opening meeting was the address by Bishop E. G. Andrews of New York on "The Providential Preparation for this Missionary Age." Rev. F. H. Sheets of Chicago presided at the convention.

Pat Crowe Sued for Divorce.

Omaha, March 22.—Pat Crowe during the day was made defendant in a divorce suit filed by his wife, Mrs. Harriet Murphy Crowe, who asks alimony and the right to resume her maiden name. They were married in 1888 and Mrs. Crowe alleges that her husband has contributed nothing to her support for fifteen years.

WILL MEET IN ST. LOUIS.

American Bowling Congress to Hold Next Convention There.

Louisville, Ky., March 22.—The American Bowling Congress during the day decided to hold its next annual convention in St. Louis and elected the following officers:

President, Robert H. Bryson, Indianapolis; first vice president, Charles J. Kauffman, Cincinnati; second vice president, Adrian C. Anson, Chicago; third vice president, F. W. Gosewich, St. Paul; secretary, Samuel Karpf, Dayton, O.; treasurer, F. L. Padeloup, Chicago.

The congress decided to admit clubs from Cuba, Mexico and Canada.

This concluded the work of the congress and it adjourned sine die.

No changes among the leaders of the five-man, two-man and single classes appeared during the day's bowling at the national tournament. Century No. 1 of Chicago still leads the five-man teams with a score of 2,794; Fleuger and Pfeuger of Cincinnati top the two-man teams with 1,214, and L. Vander-side still heads the list of singles with 643.

QUANTITY OF ARMS SEIZED.

Cuban Secret Police Also Find Ammunition and Dynamite.

Havana, March 22.—Secret police discovered and seized during the day a quantity of arms, ammunition and dynamite, which was sent by express from the interior of the island to Havana in the morning and carried to a private house. Three arrests have been made in connection with the seizure. The authorities declare there is no cause for apprehension, but the police reserve has been increased in view of a possible demonstration with the object of preventing the convening of the new congress April 2.

OVER SIX THOUSAND HURT.

Earthquake in Korea Results in Heavy Casualty Lists.

London, March 22.—The Daily Telegraph's correspondent at Tokio says that the governor general of the island of Formosa reports that 6,163 persons were injured and 2,677 houses destroyed by the recent earthquakes. Other reports assert that 17,800 houses were damaged. Occasional shocks continue to be felt. The populace suffers seriously from exposure.

Missionary Conference Ended.

Fargo, N. D., March 22.—After three days' session the Methodist missionary conference came to a close here during the evening. If the seating capacity of the Methodist church had been twice as great as it is, it would have been taxed at every meeting. The principal address was by Bishop Hartzell, on "The Open Door in Africa." His address has attracted widespread attention and was replete with interesting information for church workers.

North Dakota Bank Robbed.

Larimore, N. D., March 22.—During the morning, presumably between the hours of 1 and 3 o'clock, the Bank of Niagara, located at Niagara, a small village thirteen miles west of here, was entered by safe blowers and robbed of \$1,280. They left the place on a hand car, coming east to this city, leaving the car just outside the city limits. There is no clue to the robbers.

TELEGRAPHIC BREVITIES.

Governor Pattison of Ohio is seriously ill at Columbus.

The senate has confirmed the nomination of Wilford B. Hoggatt as governor of Alaska.

A gale along the coast of Newfoundland has caused heavy damage to shipping during the past twenty-four hours.

Look BOYS!

A chance to make EASY MONEY

Have you got the notion it's hard for a boy to make money after school hours? If you knew how thousands of boys make all the money they need by a few hours' easy work a week, wouldn't you jump at the chance of doing it yourself? There's no secret about it—these boys sell

THE SATURDAY EVENING POST

Friday afternoon and Saturday. Some make \$15 a week. All make something—depends on the boy. It won't cost you a cent to try it, anyway. Ask us to send you the complete outfit for starting in business, and 10 free copies of The Post. Sell these Posts at 5c the copy, and with the 50c you make buy further supplies at wholesale price. Besides the profit made on every copy we give prizes when you have sold a certain number of copies. Further,

\$250 in Extra Cash Prizes

each week to boys who do good work. Your chance of getting \$250 in extra cash prizes is just as good as that of any other boy who

sells The Saturday Evening Post. Write to The Saturday Evening Post Company, 1728 Arch Street, Philadelphia, Pa.

Buck Convicted of Murder.

Los Angeles, Cal., March 22.—Morris Buck was during the day convicted of murder in the first degree for killing Mrs. Charles A. Canfield, wife of the millionaire oil operator.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
